Equality Virginia is the leading LGBT advocacy organization in the state, working to end discrimination based on sexual orientation and gender identity. Our vision is to create a Virginia that is safe, welcoming, and equal place for lesbian, gay, bisexual, and transgender individuals and their families to live, work, and play.

Please join Equality Virginia and Virginia's leading corporations at this great opportunity to celebrate businesses that create inclusive environments for their gay and transgender employees. Together, we can advance the work for full equality in our state.
